

BPC-157

Body Protection Compound

Healing · Regeneration · Gut Health

What Is BPC-157?

BPC-157 is a synthetic 15-amino acid peptide derived from a protective protein found in human gastric juice. It is widely researched for its potent tissue healing and regenerative effects.

How It Works

Angiogenesis Promotes new blood vessel formation for better nutrient delivery.	Tissue Repair Accelerates healing of muscles, tendons, ligaments, and gut lining.	Anti-Inflammatory Modulates inflammatory pathways without suppressing immunity.

Areas of Research Interest

- Tendon, ligament, and muscle injuries
- Gut health and IBD support
- Wound healing and recovery
- Joint and bone repair
- Neuroprotection

Common Research Approaches

Subcutaneous or oral administration near injury sites. Frequently stacked with TB-500 in the “Wolverine Stack” for synergistic healing.

FOR RESEARCH PURPOSES ONLY · NOT FOR HUMAN CONSUMPTION
